INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Trustees of
Revolution.TV Inc. d/b/a Revolution Church
Canton, GA

I have reviewed the accompanying statement of financial position of Revolution.TV Inc. d/b/a Revolution Church (a not-for-profit organization) as of December 31, 2014, and the related statements of activities and cash flows for the year then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of Organization management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements as a whole. Accordingly, I do not express such an opinion.

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

My responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. Those standards require me to perform procedures to obtain limited assurance that there are no material modifications that should be made to the financial statements. I believe that the results of my procedures provide a reasonable basis for my report.

Based on my review, I am not aware of any material modifications that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

My review was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses on page 7 is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the analytical procedures applied in the review of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. In my opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

REVOLUTION.TV, INC. d/b/a REVOLUTION CHURCH
Notes to the Financial Statements
December 31, 2014

NOTE 1 - NATURE OF ORGANIZATION:

Revolution.TV, Inc., d/b/a Revolution (Church) is organized and incorporated in the State of Georgia and is part of Southern Baptist Convention of the State of Georgia. The purpose of the Church is to call people to commitment to Christ and His family, to lead believers in Christ-like character, to equip believers to care for others, and to engage believers in the cause of Christ in order to celebrate God. Ministries of the Church include weekend worship services and classes, children's activities, youth groups, single adult fellowships, small group fellowships, and ministries to men, women, and families.

The Church is exempt from federal income tax under Section 501(c) (3) of the Internal Revenue Code (code). The Church is classified as a publicly supported organization rather than a private foundation under Section 509(a) of the code. Contributions to the Church are deductible for federal income tax purposes.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of Reporting

Method of Accounting: the financial statements of the Church have been prepared on the accrual basis of accounting in accordance with Generally Accepted Accounting Principles (GAAP) and include all activities carried on in the name of the church. Revenues and expenses are recognized in the period earned or incurred.

Basis of Presentation

The financial statement presentation follows the recommendations of the Financial Accounting Standards Board (FASB) in its Accounting Standards Codification (ASC) 958-205, 958-225 and 958-230 (Formerly Statement of Financial Accounting Standards (SFAS) No. 117), which provides authoritative guidance for the preparation of Financial Statements of Not-For-Profit Organizations. Under this authoritative guidance, the Church is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets and permanently restricted net assets, as described below:

- Unrestricted net assets – are not subject to donor-imposed restrictions and may be designated for specific purposes by action of the Board of Directors.
- Temporarily restricted net assets – are subject to temporary donor-imposed restrictions and may be fulfilled by actions of the Church to meet the donor-imposed stipulations or that become unrestricted by the passage of time.
- Permanently restricted net assets – are subject to permanent donor-imposed stipulations.

Cash & Cash Equivalents

Cash and Cash Equivalents include all monies in banks, time deposits and all highly liquid debt instruments with original maturities of three months or less. The carrying value of cash and cash equivalents approximates fair value because of the short maturities of those financial instruments. The Church maintains cash balances in several accounts with one financial institution. These accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per insured bank for each ownership category. At December 31, 2014, the Church's bank balances exceeding the FDIC limit totaled \$436,245.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Use of Estimates

The preparation of financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. The significant estimates in these financial statements include estimates of property costs and depreciation expenses.

Contributions and Expenses

Contributions received are measured at their fair values and are reported as an increase in net assets. The Church reports gifts of cash as restricted support if they are received with donor stipulations that limit the use of the donated assets, or if they are designated as support for future periods. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. Donor-restricted contributions are met in the same reporting period are reported as unrestricted support.

Although the Church does receive pledges for certain dedicated funds, due to the difficulty of accounting for and measuring the collectability of such pledges, the Church does not record pledges until the contribution is received.

Expenses are recorded when incurred in accordance with the accrual basis of accounting.

Donated Services

A substantial number of volunteers have donated their time to the Church for various Administrative and Operating services during the year; however, these donated services are not reflected in the financial statements since the services do not require specialized skills.

Property and Equipment

The Church follows the practice of capitalizing all expenditures for property, furniture, fixtures, equipment and leasehold improvements in excess of \$500. In accordance with GAAP, land is not depreciated and Construction-in-Progress is depreciated when it is completed and placed into service. Depreciation is computed on a straight-line basis over the estimated useful lives of the assets which generally are as follows:

Building improvements	15 – 39 years
Furniture and equipment	5 – 7 years
Software	5 years
Vehicles	5 years
Leasehold improvements	life of lease or useful life (whichever is shorter)

Depreciation expense for the year ended December 31, 2014 amounted to \$308,127.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

Income Taxes

The Church is exempt from federal income and state taxes under Section 501 (c) (3) of the Internal Revenue Code and similar state statute and has not conducted unrelated business activities. Therefore; the Church has made no provision for federal or state income taxes in the accompanying financial statements.

Advertising Costs

The Church expenses advertising costs as they are incurred which amounted to a total of \$32,326 for the year ended December 31, 2014.

Fair Value of Financial Instruments

The Church measures fair value of financial instruments based on the framework set forth by FASB ASC 820, "Fair Value Measurement and Disclosures." That framework provides a fair value hierarchy that prioritizes, into three values, the inputs to valuation techniques used to measure fair value. Following is the description of those three levels as defined in ASC 820.

Level 1 inputs: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 inputs: Inputs (other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3 inputs: Unobservable inputs for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarch is based on the lowest level of any input that is significant to the fair value measurement.

There have been no significant changes in the methodologies use for the year ended December 31, 2014.

The carrying amounts of cash and cash equivalents, bond sinking fund & escrow account and the Church's note receivable are assumed to approximate fair value because of the short maturity/liquidity of those financial instruments.

The carrying amounts of Accounts Payable and Credit Cards Payable are assumed to approximate fair value because of the short maturity of those financial instruments.

The carrying amount of the Bonds Payable approximates fair value because that financial instrument yields interest at a rate that approximates current market rates for notes similar with maturities and credit quality.

See Note 5 which sets forth by level, within the fair value hierarchy, the Church's assets and liabilities at fair value as of December 31, 2014.

The following table sets forth by level, within the fair value hierarchy, the Church's financial assets and liabilities at fair value as of December 31, 2014.

NOTE 7 – NOTES RECEIVABLE:

The church was given a 1967 Ford Shelby Cobra antique automobile during 2011 and was subsequently sold for \$104,000. As of December 31, 2014; \$70,000 had been received resulting in a net outstanding note receivable amount of \$34,000.

NOTE 8 – FAITH PROMISES & INTENTIONS TO GIVE:

In 2010, the Church launched an expansion fundraising campaign. In connection with this campaign, the Church asked its members to submit a commitment or pledge card indicating their intent to give to the expansion campaign. The pledge, however, is a non-binding commitment that is simply a statement of intent on the part of the pledge-maker and may be altered as circumstances warrant. Likewise, the Church's governing Board has the discretion in designating the donations to the expansion or to other operating needs. Since these pledges do not meet the criteria for GAAP's revenue recognition characterized as a promise to give, the intentions to give are only recognized when the commitments or pledges are actually collected.

NOTE 9 – CAPITAL LEASE OBLIGATIONS:

The Church executed a capital lease agreement with BSB Leasing on November 19, 2012 that required 60 monthly payments of \$2,239.89 and a subsequent agreement on March 6, 2013 that required 48 monthly payments of \$1,969.79. NOTE 11 – SUBSEQUENT EVENTS:
